

*You're never too young
to plan for your
retirement.*

Do you want a financially secure retirement or one where every penny counts? Investing early can make all the difference.

See for yourself

The above figures are based on contributions of £400 per month being made until a retirement age of 55 is attained, and assume that contributions commence on the 25th, 35th and 45th birthdays respectively. The projected retirement fund values assume a growth rate of 9% per annum and that no withdrawals are taken.

Invest in yourself now, before it's too late

Details of Hansard's products are available from your Financial Advisor.

IMPORTANT INFORMATION

1. The illustration assumes a uniform annual compound growth rate of 9%, and that the fund choice is not altered throughout the contract lifetime.
2. The projected retirement fund values are not guaranteed, nor are they minimum or maximum possible returns.
3. Hansard does not give advice on the suitability or otherwise of any products for individual clients. Hansard products are available through registered intermediaries only, on the basis that the intermediary is in all cases acting on behalf of the client.
4. Clients are advised to seek independent professional advice if they are in any doubt about the tax or legal implications of any contracts which are under consideration.
